Le Séminaire and the Cégep de Chicoutimi: Partners in Learning

On the 29th of January, 2013, le Séminaire de Chicoutimi and le Cégep de Chicoutimi (a junior college 5 minutes from le Séminaire) signed an important and innovative partnership. The purpose of this mutual agreement between the two establishments is to provide all international students enrolled at the Séminaire the chance to pursue their post-secondary studies at the Cégep de Chicoutimi, and to guarantee them access to all necessary services in order to successfully obtain a college certificate or degree. Although such an agreement is not binding for international students, at le Séminaire we believe the Cégep de Chicoutimi is the best junior college in the region. Over 80% of graduates from the Séminaire enrol at the Cégep de Chicoutimi every year. We therefore strongly encourage our international students to do so as well. We invite you to read on and learn more about the Cégep de Chicoutimi and the opportunities that await you there.

The Cégep de Chicoutimi : A Tradition of Success

Providing a tradition of excellence for over forty years, the Cégep de Chicoutimi offers 23 technical programs in various fields such as engineering, computer studies, administration and health related programs.

A team of nearly 600 people work daily to oversee the success of more than 3000 students. The Cégep de Chicoutimi excels with a success rate that surpasses the average in the Québec college network. Our technical programs provide an enviable placement rate of 100%!

Departments equipped with cutting-edge technology are connected to the realities of the labor market. Numerous partnerships with various institutions and industries in the area offer a great deal of internships, thus allowing our students direct contact with their future workplace and employers.

The Cégep de Chicoutimi: A World of Opportunities

Each year the Cégep de Chicoutimi receives a significant number of international students who seek quality technical training that is recognized internationally. Foreign students who choose to study at the Cégep de Chicoutimi may apply for a scholarship to cover their tuition fees. In addition, international students have access to all sports teams and cultural activities offered by the college, including football, volleyball, basketball, theater, dance, music, and more.
